

Small Learning Unit (SLU)

Ratios in the Kitchen – Video Tutorials

Learning outcomes:

Participants will find out what ratios are and how to write them; learn how to scale up and scale down ratios; reduce ratios to lowest terms

Step 1 / Attraction

Learners are attracted through video tutorials and everyday topics such as cooking

Step 2 / Content and Conditions

TV411's mission is to help adults gain the basic reading, writing, math, and science skills they need to achieve their educational, career, and personal goals. We create educationally sound and entertaining multimedia learning materials and distribute them through television, the Internet, and literacy and community-based programs across the country.

Trainers assist participants in accessing the site at <http://www.tv411.org/>

Step 3 / Action

Watch the video – alone or in class

Step 4 / Feedback and Response

Can be tried out easily at home

Step 5 / Resume and Share

Watch other videos from the channel and share links via social media
